

Arrival:

The school doors will open at 8:00 AM each school day. The students should line up by class and enter the building when their teacher comes for them. In case of cold or rainy weather, the gym doors will be unlocked and students may come inside. Any student entering a classroom after 8:10 is considered late. Parents should not accompany their children to the classroom but should report to the main office for any assistance.

Students going home for lunch or leaving the school grounds for any reason must report to the office and sign out. Upon return, all students must sign in.

Dismissal:

Students leave the school as: walkers, bike riders, bus students or car students. Each of these groups is called by category for dismissal.

Buses park along Turner Avenue. It is urgent that there be no cars blocking Turner Avenue or the corners of Bond and Turner so that the buses have ample space for turning and parking.

Parents waiting for walkers should assemble at the Bond doors but should keep the area clear for the lines to move freely. Teachers will accompany the lines to the corner and assist in the safe crossing of students.

Bike riders must "walk" their bikes until they are at the corners.

Parking on Bond is not allowed during dismissal. Cars must pull into the parking lot, and the drivers then come and pick up their children to take them back to the car. Cars pull into the parking lot in a one-way direction in rows and dismiss in the same fashion by rows. Safeties will direct the movement of the cars.
